

TORO

Count on it.

TIMECUTTER[®] Z

ZERO TURN MOWERS

The TimeCutter[®] Z is incredibly nimble and powerful, allowing you to cut your mowing time in half* – while delivering an exceptional quality of cut you would expect from a Toro[®]. It's also easy to use and fun to drive, making short work of larger lawns.

FEATURES:

- ▶ Powerful Kohler[®] Engines
- ▶ 4" Deep Cutting Deck – 42" or 50" Wide
- ▶ 3-in-1 Cutting System
- ▶ 18" Extra Tall Seat**
- ▶ Automatic Braking System

WARRANTY

Sturdy performance season after season – backed by one of the best warranties in the business. Ask your dealer about our 3-Year Limited Warranty.

*Mowing time performance claim based on comparisons between a TimeCutter ZX and a comparably equipped Toro garden tractor. **Standard on Z4220, Z5030 and Z5060.

FEATURES

4" DEEP DECK

Our 4" deck depth creates greater vacuum to lift and suspend clippings until they are re-cut into finer particles. The deeper deck also makes bagging and side discharging more effective.

3-IN-1 CUTTING SYSTEM

Bag it, side-discharge it, mulch it – the Toro 3-in-1 cutting system performs in any cutting condition or mode. The top discharge deck with high-lift blades blows away expensive vac-assist baggers.

EXTRA TALL SEAT

18" extra tall seat with optional armrests help prevent operator discomfort and fatigue.

(Standard on Z4220, Z5030 and Z5060.)

POWERFUL KOHLER® COURAGE® ENGINES

Powerful Kohler Twin-Cam or Twin-Cylinder engines provide peak power, smooth operation and reliable performance to help reduce your mowing time.

LARGE 18" TIRES

Large rear wheels provide a smoother ride and better traction on uneven terrain.

AUTOMATIC BRAKING SYSTEM

Integrated automatic braking system is activated once the control levers are moved outward – making the TimeCutter® simple and safe to operate.

ATTACHMENTS & ACCESSORIES

Ask your dealer about these add-ons for your TimeCutter Z such as adjustable armrests, engine covers, Recycler® Kits and large capacity bagging systems.

LARGE CAPACITY TWIN-BAGGER

8 cubic ft. twin-bagger easily attaches to 42" or 50" models.

RECYCLER® MULCH KITS

Optional Recycler Mulch system cuts and re-cuts grass into fine particles.

FOOT ASSIST HEIGHT OF CUT SYSTEM†

Easily raise the mowing deck while in-use or assist in setting the height of cut.

REAR ENGINE GUARD†

Protects engine from brush and debris.

ENGINE COVER

Protects engine from debris and easily attaches with rear guard.

ADJUSTABLE ARMRESTS†

Provides relief from fatigue while mowing for extended periods.

RUBBER FLOOR MAT

Reduces vibration and dampens deck noise during mowing.

*The gross horsepower of this engine was laboratory rated by the engine manufacturer in accordance with SAE J1940. As configured to meet safety, emission, and operating requirements, the actual engine horsepower on this class of mower will be significantly lower.
